ABOUT SOLENTRIC

A Brighter Tomorrow Starts Today

With over 8 years of experience in the solar energy sector, Solentric is committed to delivering Complete solution solar power solutions across residential, commercial, and industrial segments.

Backed by our strong industry roots through Electromat Distributors, we partner with leading solar brands like Waaree, RenewSys, Vikram Solar, Panasonic, Polycab, and Havells to offer reliable and efficient solar installations.

We believe in building a greener and self-reliant India, one rooftop at a time.

OUR SERVICES

Residential Rooftop Solar

Affordable, high-efficiency systems to reduce your electricity bills.

Commercial Installations

Boost your business savings with custom-designed solar power plants.

Industrial Projects

Large-scale ground and rooftop solar for manufacturing units & factories.

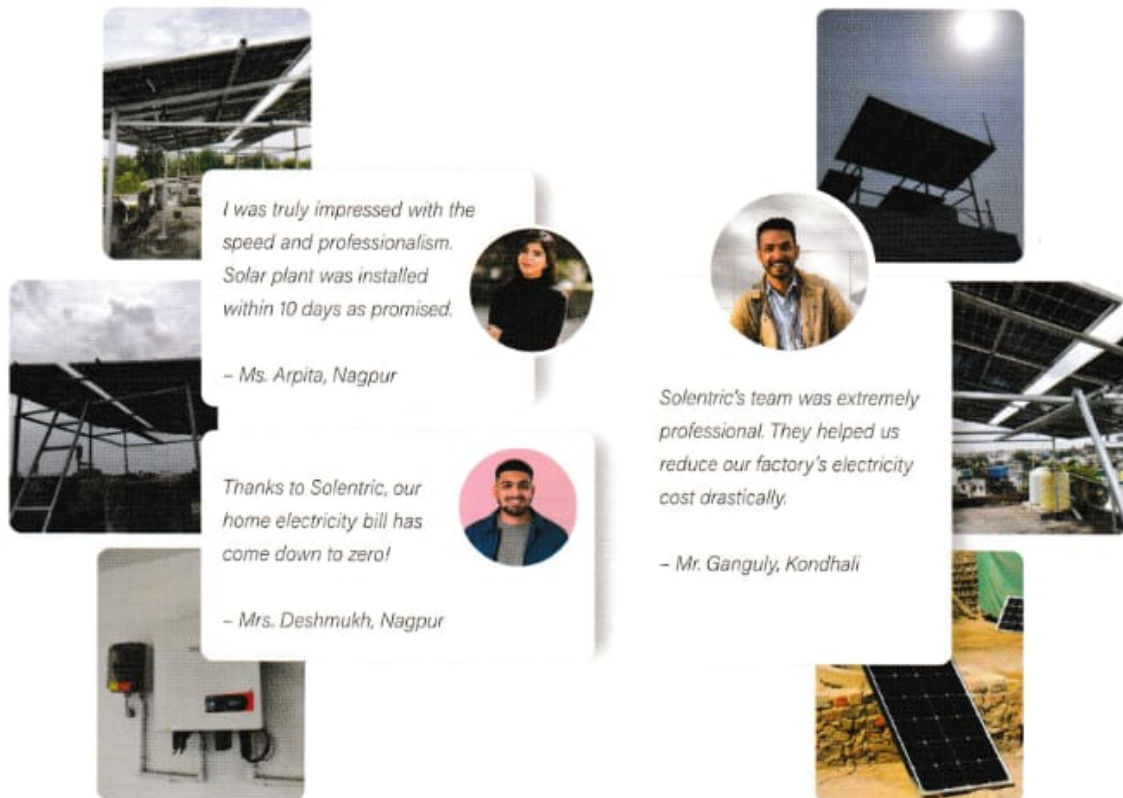

Installation & AMC Support

Complete EPC (Engineering, Procurement, Construction) + post-installation service & maintenance.

WHY CHOOSE SOLENTRIC?

- Customised Design — Solutions tailored to your site, need & budget.
- Premium Quality Panels & Inverters — Only top brands used.
- Government Approvals & Subsidy Assistance — We handle the paperwork.
- Zero Hassle Process — From inspection to installation to service.

Testimonials

I was truly impressed with the speed and professionalism. Solar plant was installed within 10 days as promised.

– Ms. Arpita, Nagpur

Thanks to Solentric, our home electricity bill has come down to zero!

– Mrs. Deshmukh, Nagpur

Solentric's team was extremely professional. They helped us reduce our factory's electricity cost drastically.

– Mr. Ganguly, Kondhali

Ready to switch to solar? **We're just one call away.**
